

**Date: 25/10/2017**

Dear IEA Members,

Greetings for the festive season! I am enlisting now the list of authors whose papers have been received by the IEA Secretariat within the stipulated time.

If anyone of you finds that you had sent your paper on time, but it is not included in the list below, **kind send the paper by 28<sup>th</sup> October, along with a proof of having sent it earlier, on my email id [anilkumarthakur.iea@gmail.com](mailto:anilkumarthakur.iea@gmail.com) . Kindly do not post hard copy of that paper again.** (For those themes whose lists will be uploaded later with date, kindly send the papers within five days of posting the list)

Also please note that we will do a thorough check of the membership status of each author/co-author and in case found to be a non member of IEA, **we will have the name automatically deleted from the paper/ paper deleted without further intimation to you.** Hence, those of you who are not IEA members, may become so at the earliest by sending the DD of the requisite amount to me and mail me it's scanned copy too to avoid deletion of your name from the paper.

In case you feel that your paper has been wrongly put in a given theme, kindly mail me about the same, giving the correct theme and title of your paper. **The list also contains titles and authors of a few papers whose CDs were missing/corrupt/cracked. They are also requested to mail their papers ASAP.**

Finally also note that by November third week, all of you are expected to receive acknowledgements of your papers to be presented in the conference. These letters would be required for you to avail duty/academic leave. If not received by then, kindly let me know on mail and we will do the needful through online communication.

Thank you for all your cooperation. Looking forward to seeing you in Guntur!

With Regards,

-sd-
